

Abacus Chain Slings

Abacus chain sling systems are made to measure and to suit your specification from high quality components by experienced engineers. From 1 leg to four leg, an assortment of termination hooks, and a selection of chain size to suit your lifting capacity, we have it covered. Offering both Grade 80 and 100 covers your lifting needs with ease.

Each sling is individually marked and certified for easy identification and site management. For more information, contact your local branch, or visit our website www.lgsgroup.co.uk
